The project Hands on Conservation II is conducted by the Fortified Churches Foundation in collaboration with the Association P.A.T.R.U., with the financial support of the Chamber of Architects of Romania and Prince of Wales Foundation.

### What is the training about?

Hand on Conservation II is a training workshop focusing on traditional craftsmanship techniques aiming to enrich the participants with hands on knowledge of traditional practices used in the restoration and conservation of heritage buildings.

The training is open to students and young professionals with a background in architecture, engineering, archeology and arts history. The training will take place at the Fortified Church in Pelisor village, Sibiu County, Romania, from the 19 to 30 August 2019.

The focus of the workshop is the reconstruction of a wooden structure including a staircase, which provides access to the Gate Tower of the church.

# What do we provide?

The Fortified Churches Foundation covers the following:

- Accommodation costs and meals during the 10 days of training; Accommodation will be arranged in Richis Village, 9km from Pelisor, in the former parish house, in twin rooms;
- Transfer costs from the place of the accommodation to the fortified church will be covered by the Foundation limited to a cap of 100 RON per car, a total of 3 cars, for the entire period of training;
